Your MinuteClinic® center will see you now.

Your little one isn't feeling well and your regular clinic closed 10 minutes ago. Now what? Well, you could both suffer until it opens tomorrow, or you could just drop into a MinuteClinic at any select CVS/pharmacy, Cub Foods, shopping center or campus location. For common family illnesses, it's a quick, convenient choice. You don't even need an appointment.

MinuteClinic is staffed by certified Nurse Practitioners and Physician Assistants who can evaluate, diagnose and recommend treatments for many common health problems and write prescriptions when clinically appropriate.

Here's the best news — MinuteClinic is a participating network provider, so your normal office visit benefits apply — another great convenience.

For fast relief from the common wait, check out MinuteClinic. Visit their web site at www.minuteclinic.com.
