

Lower your prescription drug costs with United Pharmacy Saver.™

Prescription Drug Savings

United Pharmacy Saver™ is a low-cost prescription drug program available exclusively to UnitedHealthcare® members. Through United Pharmacy Saver, you have access to hundreds of generic prescription drugs starting as low as \$2 at participating United Pharmacy Saver locations.

We have worked with many pharmacies to get lower costs on many common generic prescription drugs, including those that treat high cholesterol, high blood pressure, diabetes and much more. Drug costs and availability may vary by pharmacy.

Listed below are the United Pharmacy Saver top 20 drugs¹:

1	Levothyroxin	6	Metoprol	11	Carvedilol	16	Prednisone
2	Furosemide	7	Metformin	12	Triamt/HCTZ	17	Citalopram
3	Lisinopril	8	Pravastatin	13	Allopurinol	18	Lovastatin
4	Hydrochlorot	9	Atenolol	14	Lisinop/HCTZ	19	Trazodone
5	Warfarin	10	Simvastatin	15	Digoxin	20	Amlodipine

Here are some of the national and local pharmacies that participate in United Pharmacy Saver, effective January 1, 2014.

UnitedPharmacySaver.com – Visit us online to learn more!

There you can use online tools to:

- Find participating pharmacies in your area
- Learn if there are lower-cost options for your drug(s)
- See a list of generic drugs available through United Pharmacy Saver and offered at participating pharmacies

Questions? Visit a participating pharmacy and talk to a pharmacist, or call UnitedHealthcare Customer Service at the number on the back of your plan member ID card, TTY 711, 8 a.m. – 8 p.m. local time, Monday – Friday.

With more than 15,000 participating pharmacies, there may be one right around the corner from you.

Start paying less with your next prescription refill.

To get an existing prescription(s) through a participating United Pharmacy Saver pharmacy, simply follow the steps below:

- 1** Confirm that your drug(s) is available through the United Pharmacy Saver program by going to **UnitedPharmacySaver.com** or calling the number on the back of your member ID card.
- 2** Bring your prescription bottle(s) or container(s) you would like to switch to a participating pharmacy.
- 3** Show the pharmacist your UnitedHealthcare Prescription Drug Plan member ID card and tell them you want to switch your prescription(s) to the participating pharmacy.
- 4** Request that the pharmacist transfer your existing prescription(s). When the pharmacist calls your current pharmacy and transfers the prescription(s) to the participating pharmacy, it will be filled and ready for you to pick up at the new lower cost.
- 5** For new prescriptions, verify that the drug(s) is available through the program and go to the participating pharmacy near you.

¹Based on internal company data.

Other pharmacies are available in our network. Members may use any pharmacy in the network, but may not receive Pharmacy Saver pricing. Pharmacies participating in the Pharmacy Saver program may not be available in all areas.

Drugs and prices may vary between pharmacies and are subject to change during the plan year.

Prices are based on quantity filled at the pharmacy. Quantities may be limited by pharmacy based on their dispensing policy or by the plan based on Quantity Limit requirements; if prescription is in excess of a limit, copay amounts may be higher.

The benefit information provided is a brief summary, not a complete description of benefits. For more information contact the plan. Limitations, copayments, and restrictions may apply. Benefits, formulary, pharmacy network, premium and/or copayments/coinsurance may change on January 1 of each year.

UnitedHealthcare does not provide medical advice. You should always contact your doctor for specific information regarding prescription drug changes.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare-approved Part D sponsor. Enrollment in the plan depends on the plan's contract renewal with Medicare.
